# ANTI-AGE LABORATORY

*Overline Infinity Face Lab*

Overline Infinity

Your actual age and environmental factors are the worst companions of the skin and are the main causes of skin aging.

**Overline Infinity Face Lab** helps beauticians significantly reduce and prevent facial imperfections. The preventive analyses of the hydration level and quality of the skin provided by the equipment, respectively through the Hydration Check, the Check Rugosity and the special Macrocam x200, are used to define the best treatment programme to improve or abate imperfections.

The complete exfoliating action of **Diamond Microdermabrasion**, carried out with the four innovative heads, improves skin turn-over, blood circulation and natural Collagen production, while **Multipolar RF, Fractional RF and 3MHz Ultrasound** provide an effective **anti-age** action, aiding hydration, relaunching the skin's elasticity and regenerating it with a lifting effect and youthful and radiant appearance.

## INTUITIVE SOFTWARE

Every imperfection deserves the most precise care, Overline does not standardise treatment, rather, it turns treatment into a consequence of the imperfection, to offer the customer the best solution.

## CUSTOMISED PROTOCOLS\*

Overline proposes treatment protocols that have been broadly used on different patients, methods of great efficacy to fulfil the requests of an increasingly more demanding end user.

## DEVELOPED SYNERGIES

Hydration Check, Micro Dermabrasion, Multipolar Radio Frequency, Fractional Radio Frequency, 3MHz Ultrasound, Face Light Mask

## EDUCATIONAL VIDEOS

Designed to allow the beautician to consult, at any time, the correct operational protocols. In order to achieve the required abilities to offer and guarantee the customer with the best service.

## PERFECT PERFORMANCE

Protocols and performance carried out at the Company\* in compliance with the suggested work methods, confirm the synergy between the Overline technology and iSol Beauty cosmetics guarantee the maximum efficiency of the treatment.

## INTEGRATED COSMETICS

The employed technologies are best enhanced with the use of iSol cosmetics. Beauty, specifically designed to interact perfectly with the equipment

## MACROCAM x200

With Macrocam x200, which also saves before and after images, you can examine the skin quality on facial areas to be treated to establish the right treatment programme. It is also used at the end of the treatment to check the results.

## 10" MONITOR

This is a fundamental tool for implementing the work, in a few steps, performing a comprehensive consultation on the customer's specific situation. You can consult the data and situation of the treatment programme. In addition to integrated videos that help clarify any doubts, improving dexterity to achieve the desired results.

## CUSTOMISED PROTOCOLS

Every imperfection deserves precise care, **Overline Infinity Face Lab**, does not standardise treatment, rather, it turns it into a consequence of the imperfection, to propose a customised solution for each customer. **Overline Infinity Face Lab** is able to consult Images, Programmes, Treatments, customer data and situation of the treatment programme and thereby exploit the emotional message to involve the customer in the course of treatment.

## DEVELOPED SYNERGIES

**Overline Infinity Face Lab**, founded on the research and development of the team of **Overline** laboratory experts, offers a combination of effective technologies with the aim of eliminating impurities, deeply cleansing, nourishing, toning the face, to fight chrono-aging and photo-aging.

Check-Up with the **Hydration Check** which reads the average level of hydration of the face. Exfoliant action of **Micro Dermabrasion** which aids cell turnover of the tissue. Multipolar Face Radio Frequency which promotes skin rejuvenation. **Fractional Face Radio Frequency** a deep action that provides plastic remodelling of the skin and corrects texture irregularities. **3MHz Ultrasound** with regenerating, toning and elasticising action with excellent results on all skin types. **Face Light Mask** re-balancing action that, through chromo therapy, provides the face with an illuminating effect.

## EDUCATIONAL VIDEOS

Within the guided programme, there is also the possibility of viewing some videos that help clarify any doubts and improve dexterity. Cutting edge in terms of service, **Overline Infinity Face Lab** has always been there alongside professional beauticians to offer excellent results. Standing strong on this quality of **Overline Infinity Face Lab**, Educational Videos have been provided to allow the beautician to consult, at any time, the correct operational protocols. Educational videos on the single protocols and manual manoeuvres can be easily consulted on the 10" touchscreen. **Overline** came up with this solution to allow everyone, if they forget minor details, or when new operators are recruited, to use the self-teaching videos in order to achieve the skills required to offer and guarantee the best service.

## PERFECT PERFORMANCE

Protocols and performance carried out at the Company\* in compliance with the suggested work methods, confirm the synergy between the Overline technology and iSol Beauty cosmetics guarantee the maximum efficiency of the treatment.

## INTUITIVE SOFTWARE

The 10 inch monitor by **Overline Infinity Face Lab**, immediately becomes a fundamental tool for implementing the beautician's work. Its easy use makes it a unique and ethical tool.

In a few steps, the beautician is able to provide a comprehensive consultation of the customer's specific situation. He/She can consult customer Images, Programs, Treatments, data and the situation of the treatment programme and, therefore, take advantage of the emotional message to involve the customer in their course of treatment. Within the guided programme, there is also the possibility of watching some videos that help clarify any doubts and improve dexterity.
